><p>Chapter 1: You'll have to pay for that!<p>

My name is Ellie, I'm not as normal as you might think I am. People think I'm weird, because I could see mythical creatures, but that's just because they can't see them. But that not all I do, I go on adventures with dragon riders, princesses and etc. in a world that shouldn't exist in reality, and this is how it started

" I slowly turn my head, then seeing 2 green eyes staring straight at me... " I told, my 8 year old making her 8 years younger, sister Susie, her bright green eyes widened in anticipation. " The figure emerged from the shadows, and I found that I was looking straight at a night fury, the holy offspring of lighting and death itself...Well, that's it for tonight. " I smirked at the shocked face on Susie's face. " What! Not now! " Susie whined. " It's time to go to bed, Susie, you don't want the bogeymen to get you. " I warned, and she immediately hoped into bed. " Goodnight..." I said, and she repeated it back, as I closed the door behind me. I then went to the kitchen

to get a glass of milk before bed, but I saw my mom talking on the phone.

" She's too young to stop believe in fairytales Roger! You has to stop threaten to sue me! " My mom shouted at the person on the other end, which was Roger, our mean neighbour " Fine! I'll take her to therapy! " She finally hanged-up, looking up, to find me there. " Honey, I... " She began to speak, but I interrupted her. " No, it's okay. When is it? " I asked, when really I wasn't, but I wasn't about to tell her that. " Thursday... " She said, waiting for me to react. " Soooo, in 3 days? " I stated. " Yes, I'm sor- " She was about to say, but I ran out of the room because I couldn't hold my tears back anymore. I knew, I was different, but not to the point to where someone would sue. I landed on top of my bed and cried deeply into my pillow, until I fell asleep.

The next day, I put on my purple and white plaid shirt and left my copper hair down, with my tie-dye hairband, and simple blue jeans, and headed for school bus. When I got inside the bus, I sat down, when someone sat next to me. He wore a green shirt and and had brown hair and was pretty scrawny, I would have talked to him but, my communication skills are terrible. So, I waited in silence until we reached school, or where childhood is dies, is what I like to call it. I walked to my locker, feeling eyes staring at me and whispers, when I reached my locker, I looked at it, seeing something written on it, ' FREAK ' it said. I sighed and opened it, beside me was the boy on the bus. He also, had something on her locker, it said ' GEEK ' suddenly, a group of kids, came towards me the leader of it Astrid was chewing bubble gum, and her boyfriend Snotlout was trying to put his hand around her. " Hey freak, saw one of your friends, oh look they're calling right now. " Snotlout said, picking up her phone. " Hello, your looking for a FREAK. Well, I'll put her on right now. " He said, giving me the phone. " Leave her alone. " A voice came from my left. It was that boy from the bus. " Whatever GEEK. " the boyfriend said, and they left. " Thanks, ummmmmm. What's your name? " I asked. " Oh it's Hiccup. " He said. " Hi Hiccup, my name is Ellie... Do you want to walk to PE with me? " I asked. " Sure, I have that class anyway. " He said, in a whisper-like voice.

When we reach PE, the teacher there was called; Gobber said, " Today we are gonna play dodgeball, get into teams. " When we got into teams it was everyone, against me and Hiccup. When, it started, I swiftly dodge them, but suddenly there was a scream, I went to, see what it was, it was Hiccup. " Hiccup! Mr. Gobber, Hiccup's hurt! " I said, and people started, gathering around. " Move back! Move back! " Gobber ordered, he inspected him and said to me " Ellie take him to the nurse. " I then put his arm around my neck and helped him towards the nurse's office. After school, I went to ask if Hiccup was alright, the nurse said that he went home with a slightly sprained ankle, from his dad the principal; Stoick Haddock. Which was surprising to me, because I didn't know Hiccup was related to the principal. I said goodbye and headed back home when I saw a black object in the sky. ' What in the world? ' I thought to myself. It sorta looked like a dragon, it then looked at me and started flying heading towards me. I ran, as fast as I can, and closed the front door, and locked it. I toke a deep breath, when a knock was at the door, it was Roger, I ditched the door and went upstairs, I couldn't talk to the guy that thinks I'm a freak like everyone else. After, I went to do my homework, and toke a quick nap.

When I woke up, I looked at my clock to see what time it was; 6:00. When, there was a knock on the door, I went to see what it was, when I opened the door , there was the black dragon, with big green eyes with a hint of intelligence in them. But, that didn't stop me from screaming, and slamming the door in it's face. ' Ahhhhhhhhh! ' I thought. Yes, I was screaming in my mind, don't judge me! I opened the door and I didn't see it anymore, I first bought it was a image of my imagination, but then there was a large _ROAR!_ from the window and a loud _SMASH! _came when the sound, collated with the window and swept me off into the air. " Your going to have to pay for that! " I shouted over the air current. All that answered was a big roar, which was deafen when your so close, I looked up to see the sky swirled into a giant vortex, I quickly grabbed on tightly on the foot of the dragon, and quietly prayed. When, I soon found out, I was still alive, I slowly opened my eyes to see a small village, and was it cold, the dragon could of waited for me to grab my coat. After, a rough landing, I got up and saw, that I was in the middle of the village. The citizens there looked like viking, the one that I use to tell my sister, Susie. But, there wasn't only vikings there were fairies, dragons, and a few mermaids, that came closer to the shore, to see the stranger who came form the sky. " Toothless? " I turned my head, to the voice, and saw Hiccup. But he had one leg and was wearing a fur vest and a green tunic, other then that it was the same scrawny Hiccup. I saw, him hug the dragon, when I said. " Hiccup? " He turned his head, to me, and opened is mouth to speak when, 5 other kids came which was also familiar to me... " What's going on here? " I heard from a man, who looked like the chief. " Dad, uh I think, Toothless, brought a girl from the overworld... " Hiccup stuttered to, the man who looked like the principal from my school. The man, looked at me, with a scowl, on his face. " Hi...my name's Ellie. " I said nervously. " Can I keep her? " A boy with black hair said. " Snotlout...not now. " Hiccup said, facepalming. " Well Ellie, welcome to Berk, I'm Stoick! You must be hungry? Astrid can you take her back to your house. " Stiock greeted, and I followed Astrid, to her house. As soon, as I walked in that door, I knew, that I would have most of my greats adventures here.

><p>AN: So that's chapter 1, I hope it wasn't to boring and would make you want to read more of it. But don't forget to review, of else a dragon will take you too. (Wait, is that a threat or a gift) Oh well! Bye! **

2. Viking Makeover

**A/N: I know most people don't read this but I was planing to make to make a trilogy of this, with different movies and books. I also got this inspiration from the movie the never ending story because of how Bastian goes to other fantasy world. So shout out to the maker of the film and author of the book. So, before you read the story or if you are reading this last or not at all, I just wanted to ****tell others that progress will be slow because I'm going to Europe for about a month so I won't get to update but, I'll see you in Sept. Now on with the story! **

**P.S. I do not own anything, I wish I did but I don't. But, I do own Ellie my OC and the plot, so yay me! **

><p>Chapter 2: Viking Makeover<p>

" So, do you know why your dragon dragged me here? " I asked, still absorbing the what just happened. Astrid suddenly turned around, and glared at me. " Look, I don't know who you are, or why your here. But, if you hurt anyone or touch anything your not suppose to, then your roasted fish. " She stated angrily. I nodded, shock with her outburst. But, I should have known, the Astrid in my world, would also have random outbursts. We went upstairs and into her room, and she grabbed some clothes from her drawers. " Try this on. " She ordered. She turned around, waiting for me to put it on. When, I put it on, the clothes barely fit me*, I picked up a helmet, and posed. " How do I look? " I asked smiling. She then started laugh, but then tossed me another pair of clothes, I put it on and looked at myself in the mirror, it fit perfectly, I wore a black dress with a brown belt, and a green under shirt, with a green cloak. " Prefect. " I heard Astrid say smiling. " Come on, you must be hungry. " She said, grabbing my hand and pulling me towards, a huge decorated, building.

When, she opened the two grand doors, everyone was cheering and talking, in my world, nobody even looked up from their phones anymore, how the world has change. " Astrid over here! " I heard Hiccup shout, from a table. " Whose that? " I heard a boy who I saw a few minutes ago, get punch from his, what I think is his sister, he had long blond hair, and was slouch over. " This is Ellie, remember. Stoick greeted her in front of the village a few minutes ago. " Astrid said, trying to jog his memory. " Oh... Right. " He said. " Right, Eliie this is Hiccup, Snotlout, Ruffnut, Tuffnut, and Fishlegs. " Astrid introduced me. I noticed the a round face and short blond hair, known as Fishlegs look at me funny. " Hello, earth to Fishlegs? " A boy with black hair, named Snotlout, waved his hand in front of Fishlegs. " S-sorry. " He apologized, coming out from his trance. " I'll be at the library if you need me. " He said, walking fast out the room.

After, dinner in the Great Hall, Hiccup said that I could stay at his house. I went on a walk to clear out my mind, when a figure move in the distance, I went towards, like all curious teenagers do, when I reach the spot, I looked around, and found a tree, with some green looking acid on it. " What on earth? " I whispered, I felt a hand on my shoulder, and spin around to see Ruffnut and Tuffnut, " Hey, Ellie, do you want to go roof top jumping with up? " Ruffnut said. " Isn't that a little dangerous? " I said cautiously. " Yeah, so? " Tuffnut said. My frown then slowly turned into a grin. " I'm in. "

* * *

><p>AN: If your wondering if Ellie sounds a little OOC or why the quick change of mood, it's because, she wasn't really use to roof top jumping in her world, but you'll find out more in the next chapter. **

**P.S. The reason why the chapter's so short is because, I have to go to the airport today and I really just came to tell you that. **

*** - Ellie was wearing a slightly bigger size of Astrid's clothes, if you had ****trouble imagining that. **

3. A calmed parent

**A/N: I'm back~ * dodges a tomato * I'm sorry, but the think is, I was actually waiting for people to review because I was wonder if anyone wanted me to keep going. **

By the way I wanted to say thank you to ' a random person** ' for reviewing.**

P.S. I do not own HTTYD, but I do own the plot and Ellie.

**Ellie : No you don't! I'm my own person! **

Me: You should be with Tuffnut and and Ruffnut. * Ellie leaves *

><p>Chapter 3: Calmed Parent<p>

Meanwhile, Ellie's mom came through the front door. Everything was cleaned up not a dust out of place. She went into the kitchen and saw a note on the table, it said:

_DeAr, Mom _

_I HavE wENt tO my FrIend"s HoUse. I WoN'T BE bAck In A While _

_SO don"T Go LOOKING FoR ME. _

_FrOm LEllIE _

The first reaction from Ellie's mom, was " What in the world? " but, then thought Ellie was in a rush and sat at the couch.

Outside the window, Toothless, looked inside, with a pencil in his mouth, looking pleased with himself, he flew away from the house, and back into the portal.

* * *

><p>At Berk, it was now daytime, and everything was fine. If you count, a flaming town and the smell of destruction in the air, fine. There was a huge mob outside, Hiccup's house, waiting for an explanation.<p>

Hiccup and Stoick but stepped out slowly. " And what is the matter? " Stoick asked in the calmest voice he could muster, which was out of character because Stoick the Vast was never known as the calm type.

Suddenly, Ellie came in struggling to fly Barf and Belch, landing not so gracefully.

Everyone was turned to her, she slowly said to smile, " Hi... "

Hiccup looked at the two figures emerging out from the back of a house. " Tuffnut, Ruffnut, what were you thinking? " Hiccup scolded. Tuffnut and Ruffnut, looked at each other, then Tuffnut started to speak " Hiccup, when have we think? " Soon after, his sister came in " Yeah, exceptionally Tuufnut. " Ruffnut said pointing to Tuffnut.

Gothi, then emerged from the crowd and made symbols on the the ground. " You think she should start learning now? " Hiccup asked, and Gothi nodded, Hiccup then looked up to Ellie, who was still struggling to get the weight of the wing off her back. Hiccup sighed in defeat.

* * *

><p>AN: i feel so guilty, for leaving it like this but, I have to go to a piano lesson and I left practicing to the last minute, and yeah so, I hope you like this chapter, and I hope this answered your question, a random person. **

4. Dear Diary

A/N: zzzzzzzzzzzzz (asleep)

Some random person: WAKE UP!

Huh? Oh yeah I have a story to write! How long was I away? (checks clock) THAT LONG JEEZ!

I better be writing then, by the way thanks for reviewing DauterFeralVigilanteDragonLady and to answer your question, it could be what ever you want it to be**. ON WITH THE STORY!**

P.S. I don't own HTTYD

P.P.S. I don't think want to be to serious with writing, so when ever I'm bored I'll just write something.

* * *

><p>Chapter 4: Dear Diary...<p>

"So where are we going?" Ellie said, after a few minutes of being under a wing of a dragon following Hiccup, Stoick, and the elder went to the Great Hall. They suddenly stop in front of the large camp fire in the middle of the room. The elder, motioned to jump into the fire. "Huh?" Ellie said confused. "She said to jump into the fire." Hiccup translated. "Oh...Wait what? I'm not jumping into burning hot fire." Ellie refused. Suddenly, Toothless came out from nowhere and shoved her into the fire. "Ahhh...ha?" When Ellie noticed that she wasn't burning alive, she looked around in the ashes and saw a book, that hasn't been touched by the flames, she grabbed it and hopped out of the fire. Stoick grabbed the book out of Ellie's hands.

"This is the book of Merlin." Stoick stated, opening the book.

"Before Arthur had died in Camlann, Merlin had a diary." Hiccup said seriously.

"What has this, have anything to do with me?" Ellie asked.

"When you jumped into the fire, your eyes turned white." Hiccup replied

" Merlin was friends with the seer Morgana, before she turned dark. " Stoick said.

"He wrote a entry about a dream she had and when he talked to a dragon about it." Hiccup said flipping the page of the book. "Read it."

**Dear Diary,**

** Morgana had a dream about a girl with copper hair, and she had a dragon of some sort. I went to asked Kilgharrah, but he just made it more confusing. But I might as well right what he said. **

** "The Storyteller, the one who changes people, the inexperienced warrior, the one who will save heroes and heroines alike. **

**Has the eyes of magic but white, full of wisdom but child-like in ways explained." **

**Then here comes where he talks about destiny... Again. **

**"It is your destiny to help her when she arrives, you might regain something that you have lost in the process... future-wise. " **

**Well, I have to go. Arthur's calling me. **

** Bye,**

**Merlin**

"You think this is me? " Ellie said after reading the entry. The elder nodded her head. "This can't be me, there are lots of people with copper hair, and that girl had a dragon, I don't have a dragon." Ellie reasoned panicking. "But you will. " Stoick ensured looking behind him where Hiccup and Toothless were. Toothless smiled a toothy smile. "Awwwww..." Ellie cooed in her mind at Toothless's smile, while Hiccup waved shyly. "This is going to end badly isn't it?" Ellie asked out loud.

* * *

><p>AN: Well, think that went great... I don't know if I want Ellie to have a mate or just few crushes here n there, what do you think? R&R!**

5. Snogging is in the air

A/N: Hola, guess what I was doing while I was away, putting away pictures in my journal, from that vacation that happened months ago!

**Yeah, so I thought I defeated the plot bunnies in my head... Wait,

why do they call them plot bunnies if writers describe them as ****viscous beast that cloud your mind till it forces you to write... What was I talking about again? Right the plot bunnies, so they came up again and they won't leave me alone! So here I am.**

P.S. I do not, repeat, do not own HTTYD, I seriously forgot because I them in the other chapters if you don't know. IT SHOULD BE LOUD AND CLEAR!

On with the Story!

* * *

><p>Chapter 5: Snogging is in the air<p>

"Your going to get yourself killed." Astrid stated.

"You think I don't know that!" Ellie retorted,

"Jeez, no need to get so moody, we already get that when Snotlout and Hiccup are arguing."

" Sorry I'm just nervous."

"Well let's get started, Hiccup is waiting for us at the Training Academy."

* * *

><p>Ellie and Astrid came to the Academy with Hiccup and Fishlegs calming the all the dragons down, obviously being excited. "What's going on, Hiccup" Ellie giggling at the excitement on their faces. "We thought that you would have a bigger chance of finding your dragon by getting a wide variety of dragons to pick." Fishlegs explained. "Right, but first you have to learn how to train a dragon. First, the dragon and the trainer have to have a special connection between each other." Hiccup demonstrated, feeding a fish to Toothless. "Right. Seems easy." Ellie thought. She went towards the purple Nadder. She grabbed a fish hesitantly and went towards the Nadder, with her hand extended. Unfortunately, his tail, made Ellie trip and was surprised, attempting to bite Ellie's hand. Toothlees ran in front of the Nadder to protect her just in time before, she became like Gobber. "Thanks Toothless, I don't think my mother would be pleased if I return with only one hand." Ellie joked.<p>

Quickly as it came, it was the evening and Ellie was tired. She's been pinned by spikes, almost roasted alive, gas, and had serval attempts of losing her limbs.

"Well, I'm tired." Ellie said. "I don't understand. We've tried every dragon in the Academy!" Astrid said leaning on Hiccup. "Maybe, he should keep trying tomorrow." Hiccup suggested. "Good idea." Fishlegs agreed, pinned to the wall with Nadder spikes. Ellie helped Fishlegs down, while Hiccup and Astrid lead the dragons back to their stables.

"H-Hey, um, Ellie? Can I ask you a question?" Fishlegs asked. "You already did." Ellie giggled. "No, a serious question, can I maybe... GO ON A ROMANTIC STROLL WITH YOU!" Fishlegs blurted, looking at Ellie surprised face he quickly said. "No, No never mind it was a dumb

question-" before Fishlegs could finish, "No! I mean, I would love to go on a date with you." Ellie finished. "Oh great, tomorrow then?" Fishlegs suggested. "Sure! Absolutely." Ellie stated. In the background, Astrid and Hiccup were snogging. It really was a romantic day.

* * *

><p>AN: Sorry that it can't be longer then that but I thought I would be able to fit an episode of Doctor Who, but before I did this chapter I watch a very ****romantic tragedy episode, so I was in the mood for something romantic, and because I was confused if you wanted to have Ellie have a pairing, I thought I would do it anyway. Honestly I wanted to drag it out, because I am planing on making a squeal of this, but it will be another fandom, an option would be BBC Merlin or make this a trilogy and have it in another fandom. So, I guess I'll see you later. **

6. Fishlegs Lost The Girl?

A/N: Guess who's back! (Crickets) I guess I deserve that! But I have been trying to(Psst, over here I am here to test you lovely readers, to know if you are reading this A/N so when you review I want you to give your opinion on chocolate, bye) get longer chapters for you special reader, who wanted longer chapters. I had writer's block, because this story was mostly turning into a fluff story, so know I have to add some action into this teenager's dream of a love story. Not that's me of course. Thanks for reviewing Zero and ****Pheonex305.

So let's get on with the Story

Disclaimer: I disclaim everything that isn't mine and please keep that in mind because I have been saying this for about 6 chapters

Chapter 6: Fishlegs Lost The Girl?!

''-And Hiccup went flying to who's knows where with his foot in Meatlug's mouth, and it toke us 5 hours to find them!" Fishlegs finished his obviously funny story, as Ellie looked like she was going to die from laughter. Ellie and Fishlegs were at Raven Point where Hiccup met Toothless for the first time, and was resting on a log. Suddenly a raindrop landed on Fishlegs's face. "Maybe we should go back the village it's starting to rain." Fishlegs helped Ellie up, the rain started to get stronger, and stronger in over just a minute. "What's going on Fishlegs?" Ellie asked worriedly. "I don't know!" Fishlegs said panicky. Ellie then noticed a mysterious shadow in the distance, running towards them. "RUN!" Ellie screamed pulling Fishlegs out of the cavern, they ran as fast as they could, but then Ellie tripped, and was quickly dragged away by an invisible force. "FISHLEGS!" She shouted through the pounding rain. "ELLIE!" Fishlegs shouted back hoping for an answer, but none was heard. Fishlegs ran all the way back to the village, ran into the Great Hall where Hiccup and the group was having their dinner. Fishlegs was out of breath and soaking from the ran, "ELLIE IS MISSING!" Fishlegs shouted. His friends, Stoick and Gobber ran towards, him. Gobber tried to come him down, while Stoick asked, "What do you mean she is missing?" worried for Fishlegs, Hiccup said "Dad, maybe we should ask Fishlegs later,

he did go through a lot today." Everyone nodded their head firmly, worried for Ellie and the supposed threat that toke her and it's reason.

A/N: Sorry about this but I was tired of holding this off for a really long time so I am going to post this, I wasn't done but this is what I had. Thx for reading this chapter. When you read the first A/N that was when I was now writing this, so yeah, but it is still true, though I am getting bored of this, I might continue this, I'm not saying I'll abandon this, it's just not in my interest to do this quickly.

Previously on The Storyteller:

"RUN!"

_"ELLIE IS MISSING!" _

"Dad, maybe we should ask Fishlegs later, he went through a lot today"

Now on The Storyteller:

The next day, Hiccup and his friends went to Fishlegs's house and knocked on the door.

"Hey Fishlegs it's Astrid open up!" Astrid shouted knocking on the door. Seconds after she said that the door opened showing Fishlegs grieving face. "Come in..." He said moving out of the way. They all sat by the dinner table, in awkward silence. "So... Fishlegs... We need you to tell us what happened..." Hiccup said. Fishlegs told them all what happened, while everyone listened patiently. "Ugh! It's all my fault if I was wasn't such a coward Ellie would have still been here safe and sound..." Fishlegs said resting his face on the table. "Yeah, you totally mess up! If I was in your place I would feel..." , " That's enough Snotlout!" Hiccup scolded at Snotlout. "But he's right I should've..." Fishlegs started before Ruffnut interrupted him "Should've, would've, could've... It already happened, no need to fuss over it..." Tuffnut continued "Yeah! We should be looking for her right now!"

"YEAH!" Everybody cheered

"Are you sure this was where she disappeared?" Hiccup asked getting off Toothless. "Yes! This is the exact spot! She was dragged away in that direction!" Fishleg said pointing straight into the woods. Toothless then saw a piece of cloth on a branch, still a bit wet from the rain last night, and raised his head and walking in the direction of where Fishlegs pointed. "I think Toothless found something..." Tuffnut said, " Ya think?" Ruffnut retorted walking towards Toothless, with the rest of them following.

After a few minutes of walking and everyone complaining of being tired of walking, they've reached the end of the island.

"You don't think..." Astrid asked, "A dragon... But, what kind and why?" Hiccup asked. "Oh no..." Fishlegs gasped.

"We searched the whole Archipelago ,and we haven't seen a hint of Ellie!" Astrid stated. "Oh no... What do we do now?" Fishlegs asked panicky. "Duh... We look outside of the Archipelago!" Tuffnut said like it was the most obvious thing in the world. "But, nobody has ever been outside of the Archipelago..." Astrid said.

><p>Chapter 8: The Deranged<p>

"So who are you again?" I asked puzzled.

"I am Dagur the Deranged!" 'Dagur' said.

"What kind of name is Deranged?" I asked.

"You know it doesn't matter! Where is Merlin's diary?" He grabbed my collar and started shaking me. "Why would he want to know about Merlin's diary?" I thought.

"Um... I don't really trust people with the name Deranged in their name..." I said, he started pacing the ship in anger. "Savage! Take this girl below the ship!" He shouted at the viking behind him. "Seriously what is it with these names... Hiccup, Savage..." I thought sighing, when the viking picked me up and started carrying be below the ship. He toss me into a rusty cell and walked out.

"Hey is this how you treat all your guests!" I shouted after 'Savage'. I saw Dagur walk towards me, if this was like the tv shows, he's probably going to threaten me. "Don't worry I treat my guest VERY well..." He snickered before leaving

...

"Knew it..." I mumbled laying down on the floor.

* * *

><p>"I don't know about this Hiccup... Going outside of the Archipelago?" Astrid said worried.<p>

"I know but that might be the only way to find Ellie." Hiccup said...

"And-and who knows we might find new dragons" Hiccup responded with a new found positive attitude. "Let's head out!" He shouted to everyone.

After a few hours of looking, Hiccup decided to set up camp at on a island. When everyone was sleeping, Fishlegs decided to take a walk out, to the edge of the island he sat down and looked out sighing.

"Hey Fishlegs..."

"Hiccup... I don't want to talk right now..." He said turning around.

"Heather! What are you doing here?"

"I'm looking for this dragon, you want to help me?" Heather asked.

"Of course! I would love to!" Fishlegs hopped up in excitement, and walked towards Heather, who was taking out a drawing and handed Fishlegs the picture, and looked over his shoulder.

"What type of dragon is that?" Fishlegs whispered in shock.

"That's a Razorwhip." Heather responded.

"Let's go train ourselves a Razorwhip! Wait here I'll go get Meatlug!" Fishlegs said and ran towards the camp for his darling

Meatlug.
